

# Boone County Community Foundation Builds Permanent Fund for Seniors

## Did you know?

45% of the adults in Boone County are over age 55.  
Most of these are over the age of 65.

Your community foundation wishes to create a fund dedicated to helping the organizations who service our senior programs. The programs that will benefit from this fund provide transportation, living assistance, family support and other services.

You can help us raise \$5,000 by donating in honor/in memory of loved ones. Every donation will be matched dollar for dollar through the WV Grantmakers Assoc.

A special edition of The Coal Valley News will publish the names of those honored/memorialized.
